**GEO Plastics** is the leader in manufacturing innovative product solutions for the waste and recycling industries.

We produce a full line of plastic straight bore and snap-on wheels for the residential and industrial cart market. In addition, we manufacture a broad line of oil and filter recycling containers and funnels for "do-it-yourselfers".

GEO Plastics is also a leader in custom molding. We specialize in manufacturing large and uniquely shaped blow molded and injection molded parts. Additional production and assembly services are available.

Thank you for visiting our website. We welcome the opportunity to work with you!

Call (800) 344-1378 for more information or to order any of our quality products or services.
