If you are looking for a professional, high quality, reliable custom molder, then turn to GEO Plastics. We employ new, state-of-the-art equipment with "closed loop" computer control systems to produce parts that conform to the highest quality standards.

Our capabilities include:

- Blow molding - 1.5 lb. to 34 lb. shot capacity
- Injection molding - 200 to 1,300 ton presses
- Use of engineered and high molecular weight, post consumer recycled plastics, and other resins as specified by you
- Assembly, labeling and ultrasonic welding
- Packaging, transportation and warehousing
- Mold and design services

Call (800) 344-1378 for more information or to order any of our quality products or services.
